

Hints to Install the Colorado Swing Android app.

- 1) Go to your device Settings, Security tab and check Unknown Sources to allow installation of this app from sources other than the Google Play Store.
- 2) Click on the Colorado Swing Mobile Android App link on the www.coloradoswing.com home page. Click on Download Now to download the apk file from the ReverbNation app store.
- 3) Go to your device Files, Download directory and select the Colorado_Swing.apk file to install it on your device.
- 4) The run Icon is not automatically installed to your home screen. Go to your Downloaded Apps page and you can drag the ColoradoSwing icon to the page of your choice.
